Damon Taziyah

DESIGNER. DIRECTOR. DEDICATED.

INFO

Hello I'm Damon Taziyah (tuh-zee-uh) a multi-disciplinary designer and digital product director with a proven record of delivering story-driven solutions for iconic brands and agencies; including Home Depot, Uniworld Group, Hirons Advertising, W+R Advertising, United Way, Loacker USA, Universal Music, and Cummins Inc.

Backed by years of cross-industry experience, I bring the strategic vision to lead product teams from concept to deployment, and the creative precision to craft experiences that resonate across audiences and platforms.

I operate with the discipline of a systems thinker and the agility of a builder equally at home directing a design team, driving sprint cycles, or partnering directly with founders and executives to align product decisions with business outcomes.

Whether working with Fortune 500 brands, government agencies, or early-stage startups, I consistently deliver work that is intentional, polished, and built to perform.

PROFILE

I've had great experiences in the field of design, from my first internship to running national campaigns. I've taken on a variety of roles from graphic designer to creative director. Through successes and challenges, I've realized that design thinking and brand building are the areas I excel in.

EXPERIENCE

CO-FOUNDER | DESIGN DIRECTOR

Artistry Studios | 2015 - Present

- Direct end-to-end creative strategy and production for diverse projects spanning advertising, branding, creative and digital.
- Engineered scalable internal workflows and processes that optimized creative output and increased departmental production efficiency.
- Directed operational and office operations, ensuring seamless business continuity and resource allocation across the organization.
- Drove company revenue growth from Start-up to over \$1M ARR within 4 years, by helping clients align product strategy with business objectives and their customers' needs.

CREATIVE DIRECTOR

United Way of Indianapolis | 2025

- Served as Creative Director for all organization-wide initiatives
- Partnered with the C-Suite to spearhead strategic planning
- Directed a multi-disciplinary internal team and external contractors
- Managed vendors, overseeing agencies, printers, and producers
- Lead creative and art direction across the whole brand.

SENIOR PRODUCT MANAGER

Wellcrafted Startups | 2020 - 2025

- Led end-to-end product development cycles, from early-stage prototyping and UX/UI design through to final deployment.
- Lead cross-functional project planning as Digital Product Director and Lead UX/UI Designer, managing timelines, team accountability, and iterative feedback loops to keep projects on scope and on schedule.
- Served as a key collaborative partner to the founder, bridging the gap between design, product, and business strategy to support critical growth decisions during the company's most pivotal scaling phase.

DESIGN DIRECTOR

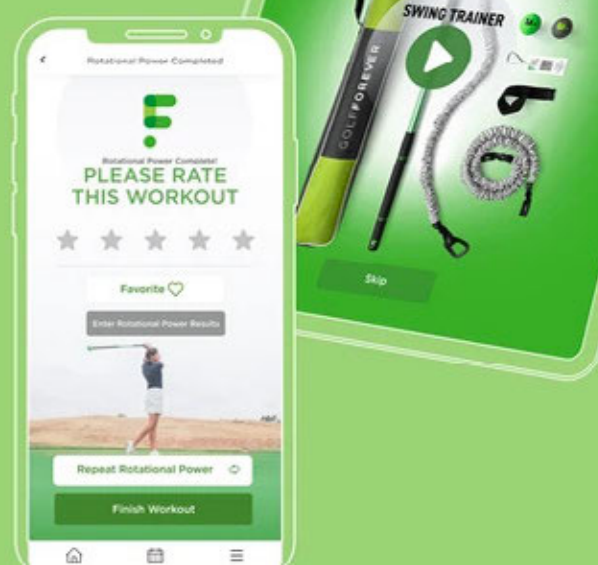

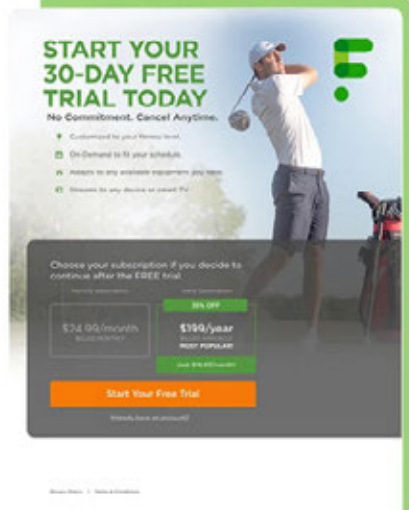

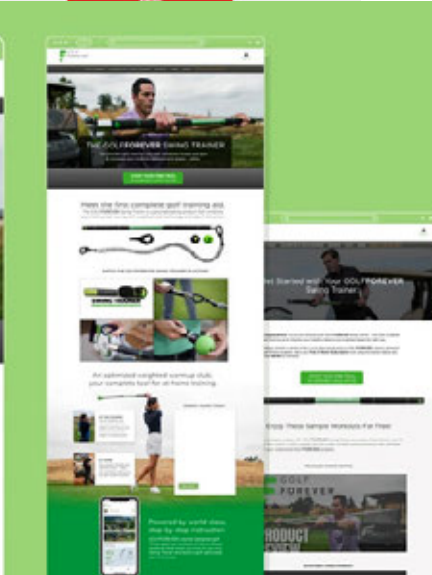

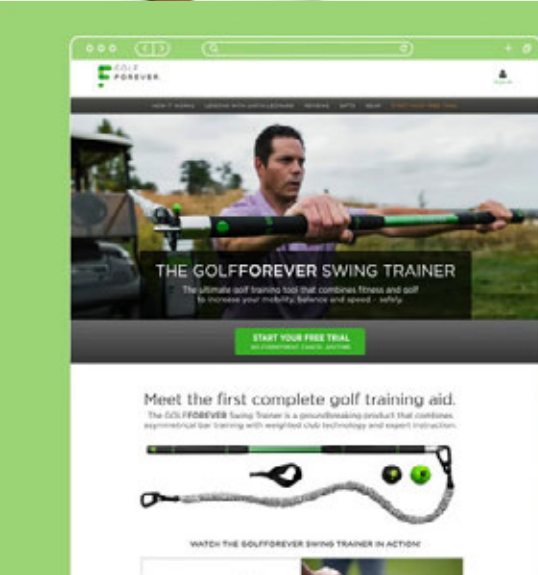

RADcube | Rapid Technology Solutions | 2015 - 2021

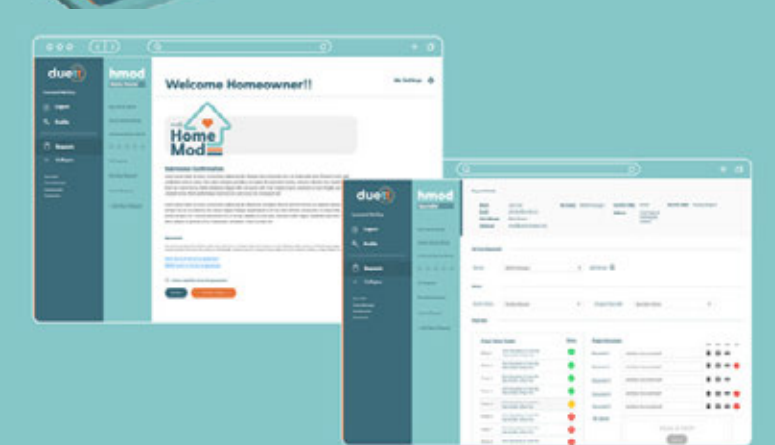

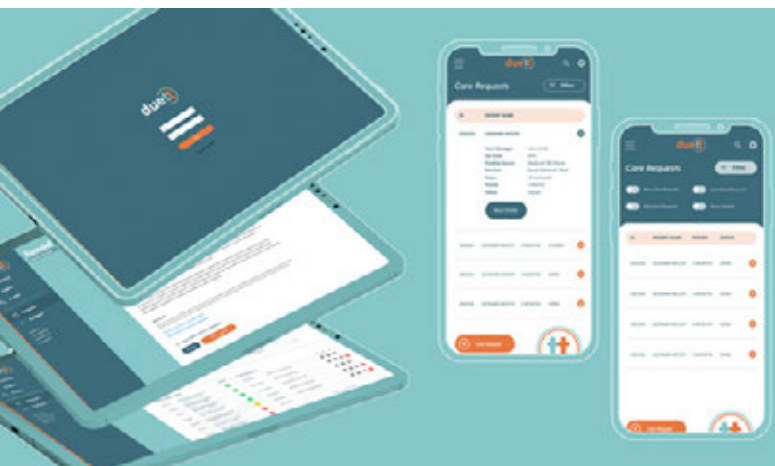

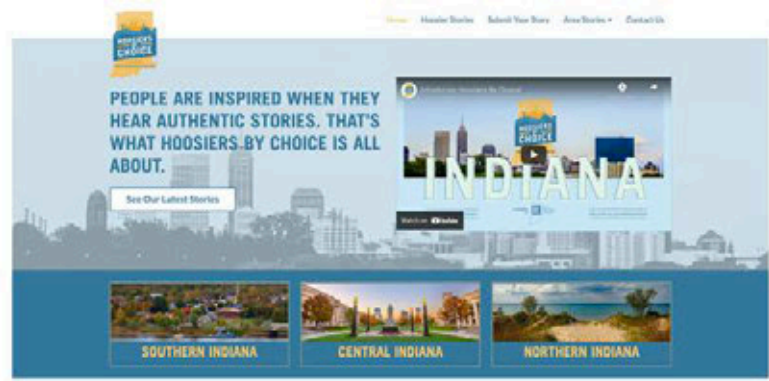

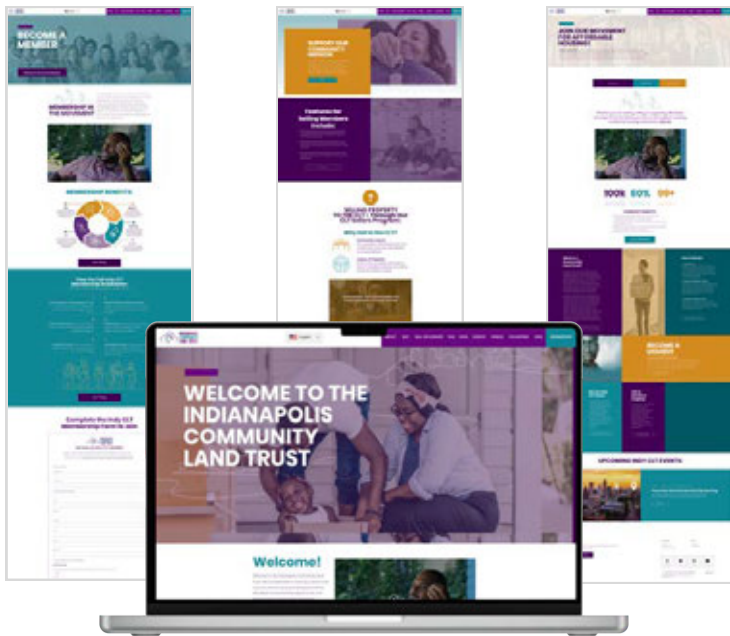

- Architected high-stakes corporate proposals and presentations
- Conceptualized and producing multi-channel design collateral
- Designed high-fidelity digital app prototypes and web concepts
- Led and contributed to executive-level client strategic meetings
